

# Gamify

PRESENTED BY

MEGHESH PATIL,  
PRASHANTH BHAT,  
SAGAR PANCHAL,  
SRIHARSHA KALUVA

## Problem

---

Imagine being transferred to a new place and missing out on any sporting activity.

---

---

Have you just recently moved to a different part of a country and don't know anyone with whom you can go and play.

---

# Gamify

---

01

Think no more because here is a platform where you can go to and find new people with similar interests and play your sport.

02

Want to try a sport that you have never played, go ahead and try it.

03

Meet new people as you go along.

# Features

---

Based on the location of the user, we will connect the users with the people who like to play sports of similar interest.

Allow users to host their own sporting events and publicize it on the website.

Notify users of the sporting activities going around.

# Technologies

---
