**Meeting Purpose:** This meeting was held to give a demo to the client and to know what changes do we have to do.

**Start Time:** 4:10 PM

**Stop Time:** 4:45 PM

#### **Old Business**

**Action Item Status:** Have started working on sprint 3.

#### **New Business**

**Discussions summary:** During this meeting we gave the demo of the work we had completed in sprint 2. All the working and the flow was explained to the client. The client then said what all changes from sprint 1 (Customer wanted changes in user registration) and Sprint 2 (Homepage) we have to make which were as follows-

1. Editing a post
2. Deleting a post.
3. Post button
4. Post validation
5. Default profile pic
6. Comments should be visible after clicking 'Comment'

**Decisions Summary:** We have started making the changes as per the discussion that we had with the client, and decided the flow of how things will be done. Also, we have decided on who will perform what tasks so that everybody can contribute to the project. Also, apart from that we have started working on the work that we have from the third sprint.

Note: The code review meet will be held on Monday with the client and the update will be posted.
